

Historically Christians have laid their deceased persons to rest in a church or adjacent cemetery. The First Baptist Church Memorial Prayer Garden with columbarium will be a present-day equivalent for churches located in urban areas.

Several members of our church family have expressed a desire for a columbarium at First Baptist Church. It is an idea that has been discussed for several years. . .and we have an opportunity to explore options to possibly meet this desire for our church family in the form of a Memorial Prayer Garden with a Columbarium.

What is a Columbarium?

A columbarium is a dedicated setting for the reverent disposition of cremated remains. The primary component is a structure containing niches, uniform in size, to hold the cremated remains of one or two people, covered by a stone niche cover with the names and dates of birth and death. The columbarium area will provide a quiet location to pray and remember loved ones.

Columbarium

- Initial phase 320 niches
- Outdoor location
- Landscaped with benches, lighting and water feature

Memorial Markers

- Honor loved ones interned elsewhere

Pricing

- Single Niche \$2,000
niche, urn, niche cover
- Companion Niche \$3,000
niche, two urns, niche cover
- Memorial markers are \$500 each
- Authorized Military Markings
\$100 Niche location availability based on date of full payment
